- Heat map scores represent the average of the University Assessment Advisory Committee (UAAC) review and the Associate Dean review. When the variance between reviewers is >1, a third review is conducted by the Assessment Faculty Associate and averaged with the other scores.
- All assessment units are named according to college acronym, discipline, and degree. For example, the unit for undergraduate Communication Studies is: CAH: Communication Studies BA.
- Assessment units are listed alphabetically in the heat map by college acronym, then discipline.
- Users can scroll down through the full list of units by using the grey scrolling option to the right of the heat map.
