GENERAL INFORMATION

About the University and Its Mission

The West Chester University Mission Statement

West Chester University, a member of the Pennsylvania State System of Higher Education, is a public, regional, comprehensive institution committed to providing access and offering high-quality undergraduate education, select post-baccalaureate and graduate programs, and a variety of educational and cultural resources for its students, alumni, and citizens of southeastern Pennsylvania.

The West Chester University Values Statement

West Chester University is committed to attracting, enrolling, and graduating quality students from a wide variety of educational, cultural, and economic backgrounds. This endeavor requires the University to attract and retain highly qualified faculty and staff and to provide each member of the University community with learning and leadership development opportunities. To this end, the University supports and encourages programs which benefit all people and which seek to eradicate discrimination and injustice. We treasure what we believe to be the highest principles of American society: the worth and uniqueness of each individual, the belief that success is to be earned by individual effort put forth in an environment founded on equality of opportunity, and the appreciation of the ideal of an inclusive society.

We believe that it is incumbent upon all members of our community—staff, students, faculty and administrators—to conduct themselves with civility toward one another at all times. We value the special talents and contributions of each member of our community. We further affirm the worth and dignity of each member and the shared responsibility of all to treat each other as individuals, with respect and courtesy.

As a university owned by the citizens of Pennsylvania, we value our mission to provide the best educational opportunities possible which will enable the University community to successfully address the concerns of a global society. To this end, West Chester University seeks to provide diligent advising for students and to focus on teaching students to think clearly and critically, to make logical and ethical judgments, and to communicate effectively with others.

West Chester University's community strongly supports the principles of academic integrity and academic responsibility, viewing both as the province of every member of the campus community. We hold the highest esteem for teaching directed toward student learning and affirm that mastery of content as well as mastery of teaching skills necessary to communicate such content are paramount.

This values statement is intended to be a living document which will serve West Chester University as it changes and evolves in the coming years.

About West Chester University of Pennsylvania

West Chester University offers bachelors and masters degrees in the arts and sciences, teacher training and certification, advanced study preparation in fields such as medicine and law, education for specific professions, and continuing education.

Total enrollment at West Chester University includes approximately 11,484 undergraduate students and 2,137 graduate students. While most undergraduates are recent high school graduates preparing for career objectives, many others are older individuals, including veterans and homemakers, who either never before had the opportunity for a college education or whose schooling was interrupted.

Most students are residents of Pennsylvania but students from other states and foreign countries are welcome. The student body at West Chester University represents a cross section of many ethnic, racial, and religious groups and includes students from all socioeconomic levels.

Like the world around it, West Chester University is constantly transforming. The school continues to broaden and modify the nature and number of its programs to reflect the needs of its students in their endeavor to prepare themselves for success and fulfillment in life.

The History of West Chester University of Pennsylvania

Founded in 1871, West Chester University began as West Chester Academy, a private, state-aided school that existed from 1812 to 1869. The academy enjoyed strong support from the highly intellectual Chester County Cabinet of the Natural Sciences of the pre-Civil War decades. It was recognized as one of Pennsylvania's leading preparatory schools, and its experience in teacher training laid the groundwork for the normal school years that were to follow.

As the state began to take increasing responsibility for public education, the academy was transformed into West Chester Normal School, still privately owned but state certified. The normal school admitted its first class, consisting of 160 students, on September 25, 1871. In 1913, West Chester became the first of the normal schools to be owned outright by the Commonwealth.

West Chester became West Chester State Teachers College in 1927 when Pennsylvania initiated a four-year program of teacher education. In 1960, as the Commonwealth paved the way for liberal arts programs in its college system, West Chester was renamed West Chester State College, and two years later introduced the liberal arts program that turned the one-time academy into a comprehensive college.

In recognition of the historic merit of the campus, in 1981 the West Chester State College Quadrangle Historic District was placed on the National Register of Historic Places. The buildings included in this

historic district are Philips Memorial Building, Ruby Jones Hall, Recitation Hall, and the Old Library. Except for Philips, these buildings are all constructed of native Chester County serpentine stone.

West Chester State achieved another major milestone with passage of the State System of Higher Education bill. West Chester became one of the 14 universities in the State System of Higher Education on July 1, 1983. Along with its new name -- West Chester University of Pennsylvania of the State System of Higher Education -- the institution acquired a new system of governance and the opportunity to expand its degree programs.

ADMISSIONS

Undergraduate Admission Standards

West Chester University prides itself on the holistic approach used in evaluating applicant credentials. Each application is reviewed individually, and we carefully consider scholastic performance and academic preparation to determine an individual's potential for success.

For regular admission as a first-year student we recommend successful completion of a college preparatory curriculum in high school, honors and AP classes are a plus, rank in class in the 50th percentile or better, a grade point average of 3.00+, and a minimum combined SAT score of 1000 or better (prefer a minimum of 500 in both verbal and math.) It is important to realize that these factors are guidelines for consideration. The academic profile of the regular admits who enroll at West Chester University is a mean SAT combined score of 1,000, a rank in the top third of their class or 68% percentile, and a grade point average of 3.39.

Applicants who do not meet regular admissions standards may be considered for a special admissions program if appropriate or denied admission and counseled to enroll at another college or university for a minimum of 24-30 credits before reapplying as a transfer student.

Transfer applicants must have a minimum grade point average of 2.00 for admissions consideration. The majority of our transfers have a Cumulative GPA of 2.50 or better prior to transferring to the University. Some of our academic programs require a higher grade point average and specific course prerequisites. Community college of Pennsylvania students who have earned an Associate of Arts or Associate of Science degree and students who have completed 12 or more transferable credits from a State System University with a 2.00 or above have an Academic Passport that provides entry into any university in the State System of Higher Education. For more information on admissions requirements and the Academic Passport, please contact the Office Admissions at (610) 436-3411 or e-mail ugadmiss@wcupa.edu
