

# COLLEGE OF THE SCIENCES AND MATHEMATICS

## Tech Fee Application

---

### General Student Technology Fee Funds

Requests are due by Monday, March 14, 2022.

This year, priority will be on projects that are needed to sustain instruction in the 2022-23 academic year. Proposals of \$60,000 or less will receive most favorable consideration.

### General Student Technology Fee Guidelines:

The purposes of the Pennsylvania State System of Higher Education technology fee are:

- (1) to acquire, install, and maintain up-to-date and emerging technologies for the purpose of enhancing student-learning outcomes;
- (2) to provide equitable access to technology resources; and
- (3) to ensure, ultimately, that State System graduates are competitive in the technologically sophisticated workplace.

**All hardware, software, databases, and other capital equipment procured with these revenues are strictly limited to clearly articulate learning experiences for students.**

### Request:

- Specialized (Field Specific) Student Computer Laboratories
- Experimental Computer Laboratories
- Specialized Software and Hardware
- Scientific Equipment with Computer Integration is Allowed
- Central-Use Student Computer Laboratories
- Access and Licensing for Educational Products and Services
- Technology Augmented Classrooms

Name:
